FRESH & CLEAN

Code 4950

"3 in 1" Aircraft Air Freshener Disinfectant & Mild Surface Cleaner

DESCRIPTION

Callington Fresh & Clean is versatile for aircraft use; as it is a convenient single application air freshener, disinfectant and surface cleaner. Fresh & Clean can be used as an aerosol or surface spray. Designed for easy In-Flight use by crew and for line maintenance cleaning.

ACCREDITATION & APPROVALS

Callington Haven is an ISO 9001:2000 accredited aircraft chemical manufacturer. The laboratory is National Association of Testing Authorities (NATA) accredited for aircraft chemical testing.

Fresh & Clean is non-flammable and safe in aircraft; it complies with I.A.T.A. as a non restricted item. It does not cause corrosion, hydrogen embrittlement, nor does it affect painted or unpainted aircraft surfaces.

Fresh & Clean is tested to the following aviation specifications:

- Boeing D6-7127 Revn. M
- Douglas CSD #1

Fresh & Clean is tested to TGA requirements and meets specification for commercial disinfectants (option C).

FRAGRANCE

Established aircraft fragrances such as *Embrace, Silkwash, Lemon Citrus or Country Garden* are available ex stock or fragrances may be designed to suit your own preferences such as *Citrus Herbal, Jasmine, Pine Fresh, White Ginger, Frangipani, Rose Shadow and Pot Pouri*.

Fresh & Clean counteracts and nullifies unpleasant odours from the toilet and cabin area.

DISINFECTANT

Fresh & Clean is a commercial grade disinfectant that can eliminate germs and bacteria that cause passenger infection and discomfort.

Fresh & Clean can be used in toilets and air conditioning vents to kill germs.

CLEANER

Fresh & Clean can be used as a surface cleaner for hand basins toilets, cupboards, mirrors, passenger trays and floors.
